EXPERIENCE / INTERNSHIPS

Applaudo - Technology Intern, AI Implementation Program

May 2026 - July 2026

Maintained a weekly executive dashboard and CEO briefing over 13 weeks across 3 client projects (airline, retail, medical) tracking AI adoption, including SDD (Spec Driven Development). Led company-wide AI implementation documentation across QA, Data, Design, and DevOps, and conducted root-cause defect analysis on production sprint data. Designed and delivered company-wide AI-usage training to all employees, technical and non-technical.

Applaudo - Software Development Intern

June 2023 - August 2023

Built and deployed a Python-based solution to improve inventory management, reducing manual workload by 60%. Contributed to enhancing the company's ticketing system for faster resolution times.

LinkBait Latam - Summer Internship

June 2024 - August 2024

Contributed to SaaS development for restaurants, tracking product-level sales trends to inform pricing/inventory decisions.

PROJECTS

Bottoms Up! - iOS App

2026

Designed, specified and building a SDD-driven iOS app (Swift/SwiftUI, Firebase) for group social sessions with real-time scoring, ephemeral photo storage, and privacy-first architecture; authored a 400+ line technical spec covering identity, data model, and safety-by-design requirements.

Career Fair Contact Manager

2026

Designed and specified a cross-platform personal CRM (offline-first iOS, real-time WebSocket sync to web) for tracking networking contacts; designed a RESTful/JWT-authenticated API and structured data model for contacts, interaction logs, and follow-up tracking.

Medical Portal Project - Development

April 2024 - August 2024

Designed, developed and sold software to three doctors that optimized each workday by two hours by digitizing the patient records in a MongoDB database and automatizing the printing of prescription notes.

LEADERSHIP

GT Society of Hispanic Professional Engineers (SHPE) - IT Chair

August 2026 - ongoing

Optimized GBM check-in forms; rebuilding voting system to prevent overload crashes; building a secure admin portal.

Georgia Institute of Technology RHA Officer

September 2025 - May 2026

Hall Council Officer and GBMs Coordinator. Representation of 400+ students in the Residence Hall Association.

Regnum Christi Mission Corps - Volunteer

August 2024 - July 2025

Youth mentor in Mexico City for 200+ adolescents; certified by Universidad Anáhuac Mexico.

Operation Hope - President

September 2020 - May 2024

Led 500+ volunteers and raised \$100K to support hospitals/schools/NGOs. Donated 45 laptops and taught Python/SQL.

Co-Founder/Director, ABC's App Coding Club

August 2022 - June 2024

Taught 20+ middle school students Flutter/Dart; guided them to develop full applications through biweekly sessions.
